### RENOVATED CABIN RENTALS BY THE LAKE

POV has newly renovated studio, 2-bedroom, and 3-bedroom cabin lodging - some are right in the middle of the action by the water and beach and others are nestled back into the national forest for a touch of privacy. Our year-round cabins combine the charm of a Northwoods cottage with the conveniences of a home. They have all new furniture (including upscale bedding!) as well as spacious living room/dining areas, fully equipped kitchens, and updated bright full bathrooms. Our rates include all the amenities you would look for in a premier resort experience - including high speed wifi! We take our cleaning seriously - our units are so clean even Darren's mom would stay here!
